Re: Monthly Report on District Operations

- The District was dispatched to 23 calls since last report and was unable to respond to 10 of those calls due to lack of staffing.
- Medical – 9, 6 non-responses
- Vehicle Accident – 7, 4 no response
- Lift Assist – 1
- Smoke Check – 3
- Wires Down - 1
- Unable to locate – 1
- Fire on a mountain top – out of District, far away, ODF handled

Wildland staffing grant has been completed for the season. Responded to 53 calls during the grant period, with at least one roadside fire partially contained by our immediate response prior to the arrival of other units.

Station septic tank was pumped, we will be entering into a service contract as required by DEQ next year. This year just the pumping report from the vendor is sufficient.

A gravel pad has been installed on the North side of the station to accommodate the relocation of the storage container soon. Pad contains approximately 30 yards of gravel.

We continue to clean out and downsize station two, a dumpster is in the future. Looking to donate old, outdated turnout equipment to Mexico or another avenue.

In contact with the Josephine County Foundation for a possible grant for some current radios.

Looking into having Rural Metro fleet shop do our annual pump test on the Type 1 engine. Both the Type 1 and the Type 6 are due for annual service and inspection, working with A&M for those services.
